MEDICAL PARTNERS: DRS WILTON BRAUND, GEORGE TALLIS, SIMON VANLINT

7 August 2017

Dear Doctor,

We are writing to inform you that the Osteoscan Bone Mineral Densitometry service will no longer continue in Whyalla after 31 August 2017.

The Board of Directors has reluctantly decided to discontinue the service but understand that the community will be well serviced in the future by the mobile van from the Royal Adelaide Hospital.

Osteoscan would like to thank you for your support over the last six years. We have enjoyed servicing the community of Whyalla in our partnership with the University of SA.

If your patients wish to have their BMD in Adelaide then we would certainly be happy to see them at one of the three Osteoscan sites.

Yours sincerely
Simon Vanlint, Wilton Braund, George Tallis.
